## Society for Industrial and Applied Mathematics

The *Society for Industrial and Applied Mathematics (SIAM)* is an international community consisting of over 13,000 individual members and almost 500 institutional members. Its goals are:

- To advance the [application of mathematics and computational science](#) in engineering, industry, science, and society.
- To [promote research](#) that will lead to effective new mathematical and computational methods and techniques for science, engineering, industry, and society.
- To [facilitate the exchange](#) and ideas among mathematicians, engineers, and scientists.

A *SIAM Student Chapter* can be established at one or more colleges or universities, and ideally involves students and faculty members from different departments.

## Chapter activities

We are planning the following events:

- [Seminars and lectures](#) for and by PhD students.
- Learning-by-doing sessions on software tools [baNaNa talks].
- Student [Computational Finance Day](#) at TU Delft:  
Every year we organize a one day workshop on a topic in applied mathematics. The goals of these workshops are to connect with SIAM chapters at other universities and provide the opportunity for PhD students to present their work in front of an international audience. The next research day focuses on computational finance and takes place on May 23, 2016.
- [Company visits](#):  
During company visits our members can discover the role of mathematicians within companies and the mathematical methods used in industrial processes. In addition, they may learn about new and exciting career opportunities. The next company visit is to Deltares in the autumn of 2016.
- [Socials events](#) including BBQs, movie-nights, chess tournaments.

## SIAM chapters in Europe

The [first](#) SIAM Student Chapter in the Netherlands is installed at TU Delft.

## Who are we?

The Chapter at TU Delft has been founded in 2014. The current board:

The chapter is [open for MSc and PhD students](#) as well as for staff members.

## Join us!

If you wish to join us, please send an email to [SIAMSC-EWI@tudelft.nl](mailto:SIAMSC-EWI@tudelft.nl) stating your full name and department.
